# Chromebooks & Chargers

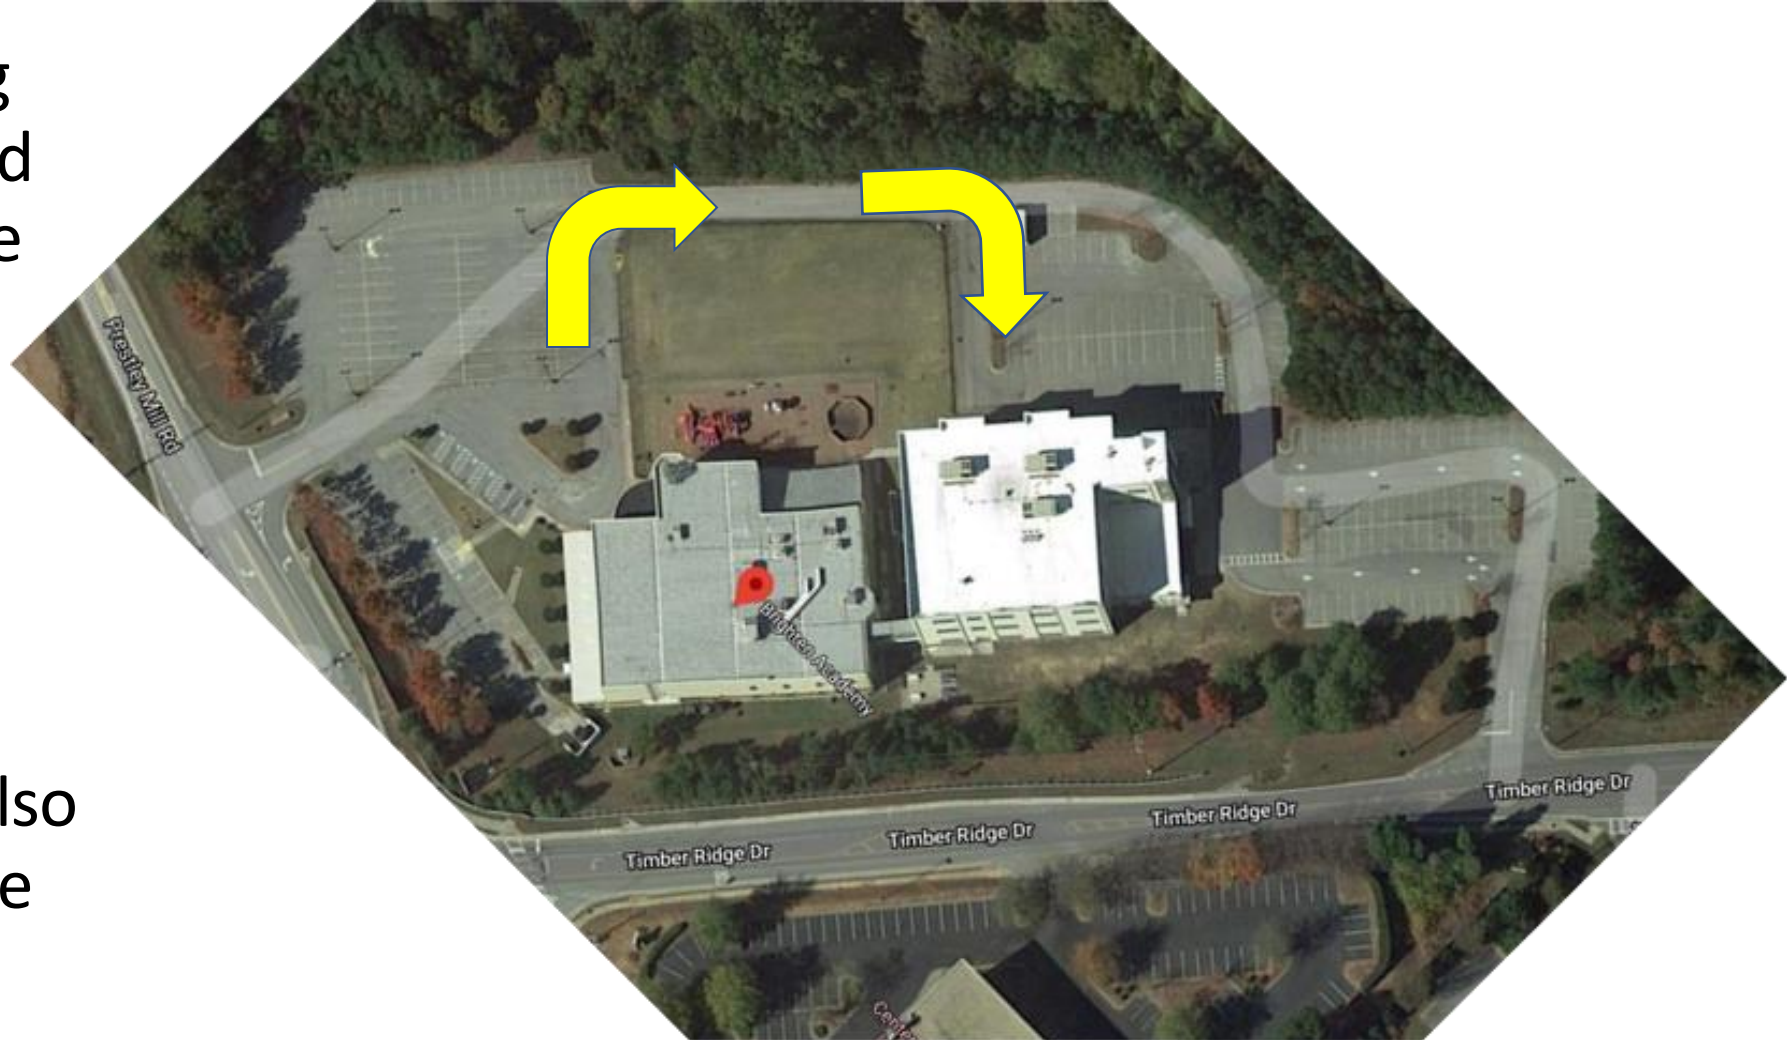

Return Chromebooks and chargers at the first station near the atrium doors. You will need to wait until the items have been cleared of any damages before moving to the next station.

# Pick up of Student Items

Follow the "morning drop-off line" around the field towards the media center. Have your RED pickup tag ready to show staff members for student(s) you're picking up items for. You will also need to tell them the grade level(s).

# Picking up Student Items

The collection station will be by the steps leading up to the media center. Staff members will use the walkie-talkies to retrieve your student(s)'s bagged items. Please be patient while waiting in your car, as we try to move as quickly as possible. After you get home, if you feel you're missing something, please contact your teacher.

# Miscellaneous School Items to Return

At the end of the ramp, please return student ID cards, band instruments, media center books, classroom books, and other classroom supplies that were loaned out.

# Thank You!

- We appreciate your in help in making this a smooth transition to summer!
- The staff is excited to plan some special events when we can finally gather together again!
