

## **Brighten Academy: Student Internet Acceptable Use Policy (AUP Grades 3-8)**

Brighten Academy Charter School (BACS) provides a wide range of technology resources for student use. These technology resources are to be used only for educational purposes. This agreement outlines appropriate use and prohibited activities when using all technology resources and electronic devices as defined by school administrators. Every student is expected to follow all the rules and conditions listed, as well as those given verbally by BACS teachers and administrators, and to demonstrate good citizenship and ethical behavior at all times.

BACS use a filtering system to track and monitor all computer and Internet use on the BACS network. The system is designed to prevent access to educationally inappropriate sites. BACS educators can request that a specific site be blocked or unblocked by contacting IT Support.

It is important to understand that no filtering system is perfect. Due to the nature of the Internet and evolving technology, even with supervision, we cannot guarantee that students will not reach an inappropriate site. It is the student's responsibility to report any inappropriate site to the teacher.

Below are examples, but not an exhaustive list, of online conduct that may constitute a violation of federal and/or state criminal laws relating to cybercrimes:

**Criminal Acts:** These include, but are not limited to, "hacking" or attempting to access computer systems without authorization, threatening/harassing email, cyber-stalking, child pornography, vandalism, unauthorized tampering with computer systems, using misleading domain names, using another person's identity and/or identity fraud.

**Libel Laws:** Publicly defaming people through publishing material on the Internet, email, etc.

**Copyright Violations:** Copying, selling or distributing copyrighted material without the express written permission of the author or publisher (users should assume that all materials available on the Internet are protected by copyright), engaging in plagiarism (using other's words or ideas as your own).

## Acceptable Use Policy for Networks, Including the Internet

This Acceptable Use Policy was developed with input from BACS administrators and teachers, and Advisors. Additional information designed to promote student and parental/guardian understanding of this policy can be found on the BACS school's website: [brightenacademy.com](http://brightenacademy.com) (see Acceptable Use Policy section on website).

**By signing the Acceptable Use Policy, students and parents/guardians acknowledge the following rules and conditions:** As a Brighten Academy Charter School student, I understand that the use of the school network and email is a privilege, not a right. I understand that my school network and email accounts are owned by the BACS and are not private. BACS maintain the right to access my information at any time. I understand that BACS administrators will deem what conduct is inappropriate use if such conduct is not specified in this agreement. I will use technology in a manner that complies with laws of the United States and the State of Georgia. I understand that I am to notify an adult immediately if I encounter material that violates appropriate use.
