

Dear Family,

During this cycle your child will begin to learn about words with the short i sound. We are practicing putting sounds together to encode (write) and decode (read) simple CVC (consonant-vowel-consonant) words. It is very important that your child know all of their letter names and sounds at this point in the year. Below you can find the short a words, sight words, and poem we are working with during this cycle.

I appreciate you partnering with me in your child's education. It is very important these items and skills are reinforced at home. If you have any questions, please do not hesitate to contact me.

short i

sounds

Students are not only working on hearing and recognizing sounds, but also producing them correctly.

/i/ as in iguana

sight words

is

it

poem

"Is it True?"

Is it true? Do wet dogs drip?
 Do toys on the ground make you trip?
 Is it true? Does Kim wear a wig?
 Does Tim dance the jig?
 Is it true? Is the band a hit?
 Are children throwing a fit?
 I don't know, but I'm not worried a bit.
