

BRIGHTEN ACADEMY

School Closure and Digital Learning Day on Friday

Dear Brighten Families,

Due to the forecast of severe winter weather conditions expected to impact our area, we will close our school on Friday, January 10, 2025. Students will not report to school, and employees will not report to their campuses.

That day will be an Inclement Weather/Digital Learning Day for students. Learning will continue, with all assignments and activities communicated directly from your child's teacher. Additionally, to further support students, teachers will be available for virtual office hours. Teachers will post a link in their Google Classroom for virtual office hours. For specific questions/details on Friday's learning assignments, please message your child's teacher.

In addition to closing our school building on Friday, there will be no in-person activities or events taking place that day. We understand that this may cause some inconvenience; however, transitioning to digital learning allows our school system to ensure that learning continues while prioritizing everyone's safety.

Our primary concern is the well-being of our students, families, and staff. We will continue to closely monitor weather conditions throughout the weekend. Any additional weather-related changes or updates will be communicated through our regular channels, Remind, Facebook, and our school website.

Additionally, please take this opportunity to ensure that your contact information is up to date in Infinite Campus. Take care.

Best regards,

Donna Davis
